### Automatic / Recurring Payments

Enter the maximum amount you want to pay each month

\$  USD

#### Automatic Billing

### About Recurring Billing

Recurring Billing allows TBSEV to charge your credit card on a monthly basis without your having to manually make a payment each month. In the box labelled *Enter the maximum amount we may charge you each month*, you enter the maximum amount you wish to allow TBSEV to charge your credit card when we process the monthly billing. This amount will vary from member to member depending on your specific payment arrangements. Your credit card information is securely stored on PayPal's servers – TBSEV does not have access to your credit card information. It is necessary to have a PayPal account so you can change the maximum amount you authorize TBSEV to charge your card by logging in to your PayPal account and editing your preapproved payment settings (including expiration date on card charged). If you set up recurring billing you may not be able to make the necessary changes yourself. For more information on updating your preapproved payment settings, **please see our instruction sheet**. We are currently accepting preauthorized recurring billing arrangements for Membership.

Fill in the amount you wish to pay where picture shows put amount here) and then click on automatic payment button.
